

JUSTIFICATION AND APPROVAL FOR ALLOWING AWARD OF CONTRACT WITHOUT COMPETITION

(Section A must be completed by the User Department and then submitted to the Department of Purchasing & Contract Compliance)

SECTION A

Department: Water Resources

Department Contact: Paul Williams, Deputy Director

Description of Supplies/Services: *Colilert reagent & colilert 18 reagent supplies.*

Demonstration of Contractor's Unique Qualifications:

The basis for awarding IDEXX his contract without competition is policy 800-11 Section II C:

The existence of limited rights in data, patent rights, copyrights, or secret processes; or similar circumstances, make the supplies and services available from only one source.

IDEXX provides Colilert® and Colilert®-18 reagents; it is the sole provider of these products. Colilert® reagent is the EPA approved product for Standard Method 9223, which is used in the detection of total coliforms and e.coli. The County is required, under its drinking water permit, to collect and analyze 120 samples per month for total coliforms and e.coli, or be subject to fines and penalties. Because IDEXX is the sole source, Colilert® reagents are not procured through a competitive process.
