SECTION A

Department: *Fulton County Department of Health and Wellness (Vendor: OraSure Technologies, Inc.)*

Department Contact: *Leisha McKinley-Beach, Program Administrator, 404-613-1411*

Description of Supplies/Services: *Licensing and manufacturing of OraQuick ADVANCE Rapid HIV1/2 Antibody Test (the "OraQuick Test") kits/controls used by Communicable Disease. This test allows the user to perform Rapid HIV-1/2 antibody test on an as needed basis (100 tests per case).*

Targeted HIV Testing is a required core component of Category B of the HIV Prevention Program. The program is required to implement opt-out HIV Testing in healthcare and non-healthcare settings for individuals 13-64. The OraQuick ADVANCE Rapid HIV-1/2 Antibody Test is FDA-approved for use with oral fluid, fingerstick or venous whole blood and plasma and delivers accurate results in 20 minutes. This simple and accurate test is ideal for screening programs in public health and outreach settings, emergency departments, labor and delivery, laboratories and physician offices. CDC guidelines call for routine testing in all healthcare settings to identify all HIV positive people and connect them to care. The key advantage of rapid HIV testing is that 100 percent of people may receive their results on the spot and can be linked to care. The HIV Prevention Program uses OraQuick Rapid HIV testing technology. This rapid testing technology has enabled individuals with HIV to become aware of their health status and to take appropriate precautions to preserve their health.

OraQuick test kits will be provided to DeKalb County and CBO's in Fulton and DeKalb counties.
