BID PHASE #5

DIVISION 12C – FURNITURE & EQUIPMENT

Specifications Sections included in work category

<u>Section</u>	<u>Description</u>
01 2300 –	
01 9100	All General Requirements
xx xxxx	CM Provided Furniture & Equipment Specifications

General Requirements

1. Subcontractor shall provide all submittals, engineering, shop drawings, schedules, samples, mock-ups, and erection drawings required by the contract documents, and other reasonable submittal requests by the CDM for coordination purposes.
2. Subcontractor shall coordinate its work with CDM, other subcontractors, and Owners forces. Coordination shall include review of all fabrication and shop drawings, all product data, and other contract documents referring to items requiring integration and compatibility with the Work required of Subcontractor. Subcontractor shall advise CDM of any potential conflicts between its work and work being provided and/or performed by others. Subcontractor shall be responsible for damages, including removing and replacing its Work and time lost, incurred by its failure to coordinate with all fabrication and shop drawings, all product data, and other contract documents provided, onsite or otherwise, for coordination.
3. Prior to the construction of the permanent building perimeter wall, CDM will coordinate the installation of temporary perimeter safety railings as required. Subcontractor shall coordinate and sequence the access of materials and all other operations involving the temporary removal and replacement of these safety railings with CDM and shall exercise due care to protect all safety railings and shall carry out all work in a manner to minimize the number of openings in safety railings.
4. Subcontractor shall be responsible for all delivery costs of their respective materials/equipment. Subcontractor will be responsible for scheduling and unloading of material/equipment deliveries with CDM and other affected trades. Protection of material/equipment during delivery is the responsibility of the subcontractor.
5. Subcontractor shall provide all hoisting, scaffolding, hoist operators, and personnel and hoisting accessories, including barricades and/or trained flagmen in the vicinity of hoisting operations and on the ground below hoisting operations.
6. CDM shall furnish benchmarks and base control lines at each level of the building for use by all subcontractors. All other layout, field engineering, and field measurements required for the execution of this subcontract will be the responsibility of Subcontractor.
7. CDM will coordinate basic security/construction fencing around the jobsite to be maintained during construction. Should the Subcontractor deem it necessary to remove any portion of this construction fence for the execution of his work, it will be his responsibility to replace the fencing to its original state and to protect the area during the period he has the portion removed. In addition, he shall be responsible for repairing or replacing any portion of the fence damaged by his work forces.
8. Subcontractor includes all come-back/remobilization operations relating to this subcontract that is normal and to be expected.

9. Subcontractor shall provide labor, material, and coordination of all block outs, sleeves, or embedded items to be placed within the structure to allow for the completion of this scope of work. Subcontractor is to remain in close contact with the CDM regarding project schedule to ensure that all necessary items are included to eliminate the need for any cutting and patching.
10. Subcontractor shall provide fire-safing or sealing at all penetrations as required.
11. Subcontractor to comply with all governing local, state, and federal ordinances, zoning requirements, standards, and codes.
12. Subcontractor shall provide all required testing, re-testing, certification, licenses, fees, permits, and agency approvals involving this scope of work. CDM to provide General Building Permit only.
13. Subcontractor shall provide all administration services, documentation and materials to establish project LEED certification (relative to subcontractor's scope of work) as outlined by Contract Documents.
14. Subcontractor shall coordinate mechanical, electrical, plumbing, structural, and architectural requirements to be used in conjunction with this scope of work.
15. Subcontractor shall provide Payment and Performance Bond if contract value is greater than fifty thousand dollars (\$50,000.00).
16. Subcontractor shall direct his crews to work Saturdays to compensate for any normal workdays lost due to inclement weather, holidays, or other circumstances.
17. All work must be performed in strict accordance to all OSHA rules and regulations; and specifically including fall protection and personal safety equipment.
18. Subcontractor is responsible for purchasing and adhering to all Contract/Bidding Documents listed in the Instructions to Bidders for the entire project duration.
19. Storage of materials, tools, equipment, and field offices will be subject to CDM's coordination and approval. Subcontractor may be required, at its expense, to relocate.
20. Subcontractor will be responsible for postage and courier charges incurred by the CDM for returning information to the Subcontractor for the Subcontractor's benefit of maintaining the schedule.
21. Subcontractor warrants and represents that it has fully educated itself on the recent material price escalations and quantity shortages in the steel, aluminum, copper and other metal material industries. Subcontractor is aware how the material price escalations and delivery time periods effect the commitments made to CDM in this Subcontract agreement. Subcontractor is experienced and fully qualified to perform the obligations of this Subcontract, that it has fully investigated, is fully familiar with and has taken into account material costs and availability, shipping and other related charges, and all other aspects of the raw material and fabricated material markets relating to the obligations of this Subcontract, and that it can perform the obligations of this Subcontract for the price and within the time set forth therein. Subcontractor further agrees not to seek a cost or time increase on the basis of the factors set forth above."
22. Subcontractor includes minor adjustments to typical conditions, connections, transitions, etc. that are normal and to be expected.

23. Commencement of the work or any portion of by the Subcontractor shall constitute acceptance of the condition for the installation of the work.
24. Subcontractor is responsible for insuring all requirements associated with Subcontractor's work for inspections are met prior to scheduled inspections. Subcontractor shall be responsible for any cost and/or delays caused by work or material not being in place at time of inspections.
25. Subcontractor is responsible for adequately covering/protecting block-outs and openings required by Subcontractors scope of work.
26. Subcontractor shall coordinate all rough-in locations with other trades. Any cutting and patching required will be included by the subcontractor. Cutting and patching will be performed in a professional manner that is acceptable to CDM.
27. Shop drawing re-submittals shall be made within one week of notification of rejection or as requested by CDM.
28. Subcontractor shall provide material procurement schedule, critical path method schedule and updated as-built drawings with the Subcontractor's application for payment.
29. Subcontractor shall furnish all close out documents with or prior to 80% completion billing.
30. Subcontractor is responsible for locating all existing permanent utilities and is responsible for any damage caused to existing utilities in the process of Subcontractor's Work.
31. CDM will coordinate location of dumpsters for debris. Subcontractor shall clean-up daily in strict accordance with the contract. Removal of debris not appropriate for the provided dumpster is the responsibility of the subcontractor. All roadways shall be kept clean as per local authorities. Subcontractors shall clean up any debris in the roadway and/or clean all vehicles leaving the site that they are responsible for.
32. The Subcontractor shall be represented by a person or persons authorized to represent it at weekly Safety and Subcontractor Meetings, commencing two (2) weeks prior to the commencement date of the Work covered by this Agreement.
33. The Subcontractor shall submit a daily construction report to the Contractor, which shall, at a minimum, include a description of the Subcontractor's activities for the day and any delays or hindrances encountered, a work force count by trade for the Subcontractor and any of its sub-subcontractors, and a listing of any major deliveries. The Subcontractor's daily report is due by noon the following day.
34. Warranty for this scope of work will commence based upon acceptance of the entire project by the governing authority.
35. CDM will implement a Quality Assurance Program relative to industry standards and the Contract/Bidding Documents.
36. Final Completion for this project is 304 days from Notice to Proceed from Fulton County. The Construction Documents stipulate if substantial completion is not complete in 304 days then liquidated damages in the amount of \$1,500 per calendar day will be assess. The Subcontractor is aware that if their Contract Work is not performed in accordance with the Project Schedule, then the Subcontractor will bear the burden of liquidated damages if any are assessed on this project. In addition, the Subcontractor will also be liable for any costs CDM incurs from late completion of work and liquidated damages.

Summary of Work

1. Provide all equipment and tools required to furnish and install all furniture & equipment as specified.
2. Furnish and install all accessories for a complete installation of the furniture & equipment as specified.
3. The subcontractor for this bid package is responsible for the receiving and storage of all material deliveries.
4. Provide all samples, submittals, mock-ups, and performance tests in the quantities as indicated in the specifications for architect approval.
5. Provide materials from specified manufacturer(s) as noted in the attached CM Provided Furniture & Equipment Specifications.
6. Provide all warranties and special warranties as indicated in the specifications.
7. Protect adjacent areas from damage during installation. Damaged areas will be repaired or replaced to original condition at the subcontractor's expense.
8. See page 3 of the CM Provided Furniture & Equipment Specifications for further bid instructions.
9. Use the Bid Matrix located on page 4 of the CM Provided Furniture & Equipment Specifications to submit your proposal.
