**Re: 13ITB072213K-NH – S-126 Sullivan Wastewater Pump Station Improvements**

Dear Vendors:

Attached is one (1) copy of Addendum 1, hereby made a part of the above referenced **13ITB072213K-NH – S-126 Sullivan Wastewater Pump Station Improvements**.

Except as provided herein, all terms and conditions in the bid referenced above remain unchanged and in full force and effect.

Sincerely,

  
Nancy Harrison, CPPB  
Assistant Purchasing Agent

**13ITB072213K-NH – S-126 Sullivan Wastewater Pump Station Improvements  
Addendum No. 1  
Page Two**

This Addendum forms a part of the contract documents and **modifies** the original ITB documents as noted below:

1. Question: INSTRUCTIONS TO BIDDERS, paragraph 2, Bid Preparation calls for the Bid to be furnished in original and two (2) copies. INSTRUCTIONS TO BIDDERS, paragraph 3, Receipt and Opening of Bids calls for the Bid to be furnished in original and three (3) copies.

Response: Please supply an original and two copies.

2. Question: Please clarify which is required. Specification Section 44 42 56 Dry Pit Submersible Wastewater Pumps, paragraph 1.5 P indicates that the "basis of design" is Fairbanks Morse pumps. Additional acceptable pump manufacturers are ITT Flygt and Morris. It is implied that alternate pump brands (other than the three pump manufacturer names noted above) may also be considered if submitted for review post bid by the Contractor. There is no requirement for a Pre-Bid Submittal review of an alternate pump brand. Please confirm.

Response: Per section 01 60 00 Product Requirements, sub section Submittals, Item B. Substitution Requests "This form is to be used by the awarded vendor". Any substitution considered will be submitted via the process outlined in the section named above by the awarded vendor only.

3. Question: Is there an engineer's estimate or can you tell us relative size of the project?

Response: No cost estimate, cost data or relative value is available to bidders. The size of the project is outlined in the solicitation documents.

4. Question: How are bids to be furnished?

Response: See "Instruction to Bidders" Item 2; "Bid Preparation".

5. Question: Will alternate pump brands/manufactures be considered if submitted for review via the post bid submittal process by the contractor?

Response: Alternate pump brands may be considered by the engineer of record and Fulton County Department of Water Resources if submitted for review post bid by the contractor. Reference bid specification 01 60 00, 2.2 - PRODUCT SUBSTITUTIONS

6. Question: I would like to submit an alternate pump mfg. for you project. Can you direct me to the correct person / Engineer to send my information?

Response: Please see response to question 2.

13ITB072213K-NH -- S-126 Sullivan Wastewater Pump Station Improvements
