Page Three

1. **Question:** Is the project water main replacement or new construction?
Response: The project involves the installation of new water main.
2. **Question:** What are the existing sizes of water main to be replaced?
Response: There is no existing water main to be replaced; however, the size of the existing water main to tie into is 8 inches.
3. **Question:** Can the pre-chlorinated pipe bursting method be used to replace the water main?
Response: The pipe bursting method is not applicable on this project.
4. **Question:** If so, can we use HDPE or Fusible PVC?
Response: See response to item 3 above.
5. **Question:** Do you have an estimate (or range –ex \$100-\$250,000 etc) on Riverside Water System Improvements (#BID 06ITB51266K-DB)? It helps contractors get an idea of bonding capacity needed.
Response: There is an allotted fund for this project but no defined budget. The estimated cost of the work can be determined by reviewing the construction drawings.
