

A New County Manager On The Job

One of the most important decisions that the Fulton County Board of Commissioners makes is the selection of the County Manager, who leads and manages the day to day operations of the County. Fulton County has had a tremendous amount of instability in this position over the past few years, with multiple permanent and interim

Richard "Dick"
Anderson

managers. On Wednesday, March 4, 2015, the Board of Commissioners voted unanimously to appoint Mr. Richard "Dick" Anderson as County Manager.

He brings to this position an extensive career in executive leadership in both the public and private sectors. Anderson's notable career includes serving as Vice Chairman of BellSouth and then Group President for AT&T, where he was responsible for a \$30 billion business serving global business clients. Most recently, Anderson was Chief Operating Officer at the Board of Governors of the Federal Reserve System. He and his wife Maureen and three children reside in Roswell.

Mr. Anderson shares the same commitment to excellent customer service and efficient operations that I do, and he will bring excellent leadership to Fulton County.

I look forward to working closely with Mr. Anderson to bring positive changes that will benefit all Fulton County residents.

Providence Park

At its most recent meeting, the Fulton County Board of Commissioners reached an agreement to sell and transfer Providence Park to the City of Milton. This agreement brought resolution to an issue that has been outstanding for a number of years and will enable a park that has been closed since 2003 to be utilized again by local citizens.

Jim Cregge, Milton's Parks and Recreation Director, said Milton has long contemplated the work needed to bring Providence Park back to a functional state and that staff is already working on renovation and funding plans to

ensure that residents can once enjoy Providence Park.

Thank you to the co-sponsors of my resolution - Chairman Eaves and Vice Chair Hausmann.

A Sad Day for Fulton County

March 4, 2015 was a very sad day for Fulton County. A 22 year Fulton County Police

Department veteran, Detective Terence Avery Green was shot and killed in the line of duty early Wednesday morning. Detective Green was a dedicated officer who lived to help others and is a true hero.

This tragic death of a great man serves as a somber reminder that the men and women who serve and protect us put their lives at risk daily and deserves our respect and gratitude.

Please be in prayer for Detective Green's family, parents, four sons as well as his FCPD family.
