

Welcome To The Oak Hill Child, Adolescent & Family Center

A Fulton Family Care Network Partner

Oak Hill Child, Adolescent and Family Center, a 48,000 sq. ft. integrated health facility, will focus on reducing health disparities among Fulton County children and youth with an emphasis on childhood asthma, childhood obesity, social emotional health, early literacy (reading by third grade), and youth employment. The comprehensive services will enable youth to achieve and maintain independence and stability so they can play a more productive role within their families, schools and communities.

Our Services

- Specialty Pediatric Services
- Behavioral Health Care
- Oral Health Care
- An Education and Literacy Resource Center in collaboration with the Atlanta Fulton Library system
- Youth Enrichment Services (Workforce Development)
- A Teaching Kitchen to provide nutrition education
- A Gymnasium
- A Walking/Running Track
- A drop-in Daycare Center for clients' use while attending appointments on campus
