INDUSTRIAL USER HAZARDOUS WASTE NOTIFICATION FORM

YES NO

If listed wastes are mixed with non-hazardous materials and then discharged to the sewer, the entire waste stream is considered hazardous, and a notification must be submitted. Is there an amt. discharged > 15 kg? (See 40 CFR 261) (Please list on additional sheets.)

IU's who commence discharging after August 23, 1990, must submit the notification no later than 180 days after the discharge of a hazardous waste.

If there is a subsequent or questionable discharge, you are still required to the one time notification. If any new regulations under section 3001 of RCRA identifying additional characteristics of hazardous waste or listing of any additional substance as a hazardous waste, the IU must notify the POTW, the EPA Regional Waste Management Waste Division Director and the State ED hazardous waste authorities of the discharge of such substance within 90 days of the effective date of such regulations.

In the case of any notification made under 40 CFR 403,12(p):

I, \_\_\_\_\_, do hereby certify to reduce the volume and toxicity of hazardous wastes generated to the degree it has been submitted information on this form is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and/or imprisonment.
