### Fulton County COVID-19 Vaccination Report

<table>
<thead>
<tr>
<th></th>
<th>Number of Fulton Residents with at least one dose</th>
<th>Percent of Fulton Residents fully vaccinated</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>623,373</td>
<td>61%</td>
</tr>
<tr>
<td></td>
<td>562,334</td>
<td>55%</td>
</tr>
</tbody>
</table>

Numbers are based on Fulton population from 2018 Census data.

Compared to the State of Georgia, which has 49% of its population fully vaccinated, Fulton County is doing better than the state.

Fig. 1. Both Georgia and Fulton County are below the White House goal of having 70% of adults with at least one dose.

---

**White House 70% Goal**

#### Diagram

- **Georgia**: 55% of residents with at least one dose
- **Fulton County**: 61% of residents with at least one dose
- **White House 70% Goal**: 70%
VACCINATIONS BY DEMOGRAPHIC CHARACTERISTICS

Fig. 2. Number of Residents with At Least One Dose By Age

Children under 12 are not yet eligible for vaccination. For information on vaccine eligibility and availability, or to schedule your Covid-19 vaccine, click here. Percentages refer to the percentage of age group population with at least one dose. Percentage vaccinated might appear to exceed the estimated number of individuals in a given age group or category. This could be due to increases in current resident numbers versus census estimates, which are based on 2018 census data.

Fig. 3. Age Distribution Among All Fulton Residents with At Least One Dose

25-64 year olds account for 65% of all residents with at least one dose.

¹Per 2018 Census data.

---

**Fig. 4. Number of Residents With At Least One Dose By Race**

- **Population in Fulton**
- **Number Vaccinated**

- **Black**: 42% Population, 42% Vaccinated
- **White**: 59% Population, 59% Vaccinated
- **Asian**: 73% Population, 73% Vaccinated
- **American Indian or Alaska Native**: <1% Population, 52% Vaccinated
- **Other**: 4% Population, -
- **Unknown**: -

Percentages refer to the percentage of the racial sub-population that has at least one dose.

---

**Fig. 5. Race Distribution Among All Fulton Residents with At Least One Dose**

- **N = 623,373**

- **Black**: 31%
- **White**: 43%
- **Asian**: 8%
- **American Indian or Alaska Native**: 12%
- **Other**: 5%
- **Unknown**: -

Colors correspond to different racial groups.
Fig. 8. – Fulton County Residents with At Least One Dose by Census Tract
Fig. 9. Percent Complete Vaccination and COVID-19 Case Rate (per 100,000 population) by Census Tract, September 13 – October 10, 2021

How to interpret these colors: The darker the blue, the better. The upper most blue box indicates low COVID-19 case rates and high vaccination coverage. Red is not ideal as red indicates high COVID-19 case rates and low vaccination coverage. Colors in between indicate varying combinations of COVID-19 case rates and vaccination coverage. COVID-19 case rate reflects new COVID-19 cases diagnosed between September 13 and October 10, 2021 across Fulton County.
