Public Opinion Research Consent Form

Key Information: Campus Protocol ID#: 0000-0000

You are invited to take part in a research study conducted by Olivia Reneau, a Hart Fellow at Duke University's Sanford School of Public Policy.

The purpose of the study is to examine the attitudes of adult, Fulton County residents towards reparations for Black Americans. Research from this study will contribute to existing analyses and scholarship on public opinion on reparations, in addition to providing unprecedented data on public opinion at the city/county level. Participation in the study involves completing a survey that will ask you questions about you, such as your racial identity and highest level of education, as well as questions about how you conceive of reparations efforts.

You will be asked to select the answer you most agree with for some questions and rank your agreement with a statement for others.

The total time for completing the survey should not exceed five (5) minutes. If you choose to participate, the data you provide will never be associated with your name, address, or any other identifying information. Although findings from this research will be made public and possibly used for future research purposes, your identity will always remain confidential. This is integral to the research process as it allows other researchers to verify results and avoid duplicating research.

The research will not benefit you personally. We know of no risks resulting from participating in the study. If you choose to complete all questions, you may opt-in to a drawing for one of forty, five-dollar Amazon gift cards. Instructions for doing so will follow the survey. Your participation is voluntary. You may withdraw at any time, and you may choose not to answer any question.

If you have any questions about me or the research, feel free to email me (Olivia Reneau) at ojr3@duke.edu. If you have questions about your rights as a research subject, contact Duke University's Institutional Review Board at campusirb@duke.edu or at 919-684-3030. If contacting the IRB, please reference protocol ID#0000-0000.

Q2 Please indicate your agreement with *all* the following statements. You will not be allowed to proceed until all four questions are answered.

I understand that my participation in this survey is voluntary, and I may discontinue the survey at any time. (1)

I understand that my responses are in no way linked to personal identifying information, inclusive of my name and address. (2)

I understand that the results of this survey will be shared with the general public in aggregate, and my individual response will be seen only by the research team. (3)

I have read and understand all of the above, and I would like to participate in this survey. (4)
