Substantial Amendment to
2021 Annual Action Plan
Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Fulton County receives funding annually from the U.S. Department of Housing and Urban Development under the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) Programs. The Department of Health & Human Services, Fulton County Department of Community Development is the County’s designated department responsible for the federal grant programs. One of the requirements for receiving these funds is the development of a five-year Consolidated Plan for Housing and Community Development (CP) to provide policy direction for the next five years of funding decisions. The County prepared a new Five-Year Consolidated Plan for FY 2020-2024. The Consolidated Plan is the basis for allocation priorities and actions for FY 2021.

This Plan is amended in January 2022 to budget for the County’s minimum requirement for CHDO activities as required by the HOME Program.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Goals were established in the Five-Year Plan to meet the identified needs as follows:

- Decent Housing Goal #1 – Affordable Housing Construction and Preservation: Support the development of rental housing affordable to low- and moderate-income households, including projects located near employment, transportation, and other community resources and for seniors, veterans, people with disabilities, or other special needs households, such as people who are formerly homeless or at risk of homelessness. As economically feasible, consider possible opportunities to extend the useful life of existing affordable rental housing by funding acquisition and/or rehabilitation activities. Support development of for-sale housing units affordable to low- and moderate-income households, including homes located near employment, transportation, or other community resources. Increase the number of first-time homebuyers through down payment and closing cost assistance. Encourage agencies to develop affordable for-sale housing that is accessible to people with disabilities.

- Decent Housing Goal #2 – Down Payment Assistance: Support development of for-sale housing units affordable to low-
and moderate-income households, including homes located near employment, transportation, or other community resources. Increase the number of first-time homebuyers through down payment and closing cost assistance. Encourage agencies to develop affordable for-sale housing that is accessible to people with disabilities. Decent Housing Goal #3 – Homeowner Rehabilitation
Preserve the existing affordable housing stock by assisting income-eligible homeowners with housing rehabilitation and repairs, with an emphasis on housing problems affecting health and safety. Decent Housing Goal #4 – Rental Assistance

Collaborate with agencies in the Continuum of Care (CoC) and others to assist households at-risk of homelessness with short-term rental payments, utility assistance, rapid rehousing, or other assistance. Collaborate with agencies in the CoC and others to assist people who are homeless through provision of and access to emergency, transitional, and permanent housing to enable them to move to appropriate housing and achieve greater stability.

Decent Housing Goal #5 – Homelessness Housing and Prevention

• Demolish dilapidated structures to stop the spread of blight in low- and moderate-income areas as needed.
• Program Administration Program administration related to the planning and execution of community development, housing, and homelessness activities assisted with funds provided under the CDBG, HOME, and ESG programs.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Each year, Fulton County reports its progress in meeting its five-year and annual goals by preparing a Consolidated Annual Performance Evaluation Report (CAPER). The CAPER is due to HUD within 90 days of the start of the new program year. The annual block grant allocation for Fulton County directly benefits Fulton County residents who reside in Fulton County but outside the jurisdictional boundaries of the Cities of Atlanta, John's Creek, Roswell and Sandy Springs. Specific cities in Fulton County that partnered through a Cooperative Agreement for the Urban Entitlement resources are the cities of Alpharetta, Chattahoochee Hills, College Park, East Point, Fairburn, Hapeville, Milton, Mountain Park, Palmetto, and Union City.

The CAPER for 2020 will be produced and available for public display in early March. The CAPER for 2019 was late due to Covid but available for public display in August 2020. During FY 2019, the County managed the three federal grant programs: CDBG, HOME and ESG. CDBG successfully contributed to the completion of projects in 2019 to include parks and recreational developments, storm drainage and sewer system improvements, street and sidewalk improvements, community meeting facilities improvements, and handicap accessible facilities.

In 2019 CDBG public service funds were also used to increase the availability of programs and services that empower low and moderate-income households. Many of the funded activities served dual purposes by also being the resource that helps families avert situations of homelessness, which continues to be a high priority area. No new public services were funded in 2020 through CDBG.

HOME funds were allocated to homeownership and owner-occupied housing rehabilitation as well as Tenant Based Rental Assistance. Additional lenders have been added to the Homeownership program and approximately 10 loans per month have been closed over the past several months, despite COVID. There were 13 TBRA units and 5 homeowner rehabilitation units completed in 2019.
ESG Funds for 2019 were subgranted later in 2020 and funds from 2018 were expended in 2020. The providers continue to serve families and individuals in need of shelter and ready for rapid re-housing and provide homeless prevention to stabilize households at risk of homelessness.

During this period Fulton County also received Covid assistance for CDBG and ESG and worked to develop a comprehensive community response. CDBG funds were allocated to several municipalities to undertake a variety of activities that prevent, prepare for, and respond to coronavirus. ESG funds were used to support the homeless shelters and outreach efforts, provide for rapid re-housing, and homeless prevention.

Copies of recent CAPERs are available for review at Fulton County’s Community Development Department or online at www.fultoncountyga.gov/services/human-services/housing-and-urban-development-funded-programs.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Fulton County consulted with residents, County staff, government agencies, nonprofit agencies, housing and homeless service providers, and others to develop this Annual Action Plan (AAP). The County held two public meetings on February 11 and April 1, 2021 and interviewed key stakeholders to develop its strategy for 2021. Applications were solicited from local municipalities for CDBG funds and from ESG service providers. HOME funds were allocated to an on-going homeownership program and Tenant-Based Rental Assistance.

Fulton County held two virtual meetings to receive stakeholder input on the draft plan. The first meeting was held to receive Citizen input on the needs of the County that could be met with federal grant funds and to provide a summary of the past use of funds. The second public hearing was held to provide an opportunity for the public to comment on the draft Annual Action Plan. The 30-day public comment period ran from March 11 to April 12, 2021.

On February 3, 2021, HUD issued a waiver allowing public hearings to be held virtually to allow for social distancing and limited public gatherings during a public health emergency. The County revised its Citizen Participation Plan to allow for virtual public meetings during public health emergencies. The County is continuing to follow local, state and federal recommendations to limit public gatherings during the COVID-19 public health emergency. As such, the County is utilizing the waiver during the development of its 2021 AAP and will solicit public comment and conduct public hearings in a virtual way in accordance with its Citizen Participation Plan. Accommodations will be made for persons with disabilities and LEP persons. Documents for public review will be shared via the County’s Website.

5. Summary of public comments

1. Introduction

Fulton County conducted a variety of public outreach to gather input from County and City staff, government agencies, nonprofit agencies, affordable housing developers, local service providers, and county residents in preparing this plan. The County held two community meetings open to the public; and interviewed a variety of nonprofit staff and Continuum of Care members, Health and Human Services Department staff, and queried cooperating cities regarding anticipated capital projects.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Fulton County works closely with public and private sector providers to ensure delivery of services to residents and to promote interagency communication and planning. The County has representatives on many non-profit agency boards and/or advisory committees. The County works with various housing, health, mental health, and service agencies to gather data and identify gaps in services.

In developing the Consolidated Plan in 2020 and this Annual Plan in 2021, the County strived to include input from housing providers and health, mental health, and other service agencies. A variety of assisted housing providers and health, mental health, and service agency stakeholders were invited to attend the public meeting held February 11, 2021. Stakeholders included city elected officials and staff, housing authority staff, housing developers, nonprofit organizations, homeless housing and service providers, mental health service providers, agencies serving people with disabilities, an agency representing persons with limited English-speaking ability, senior services, workforce development organizations, and others. The public meetings and interviews included discussions of the connections between housing and other community needs. The Consolidated Plan was written to promote enhanced coordination amongst local housing and service organizations and through the Annual Plan and daily activities of the Department we seek to continue in that effort.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Fulton County falls within the Fulton County Georgia-502 Homeless Continuum of Care (CoC), which was formed to provide a more focused approach to issues of homelessness within the County. The CoC was formed in 2014 to carry out the planning responsibilities for homeless people within the political boundaries of Fulton County. It coordinates housing, services, and funding streams; promotes community-wide commitment to goals of ending homelessness; analyzes homeless needs in the county; and coordinates the housing and services systems to align resources & functions.
From a regional perspective, the County collaborates with the State of Georgia, City of Atlanta, and DeKalb County to facilitate service coordination, client referrals and the collection of data through a shared Homeless Management Information System (HMIS).

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The Emergency Solutions Grant Program is designed to identify sheltered and unsheltered homeless persons, as well as those at risk of homelessness, and provide the services necessary to help those persons to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. The program focuses on assisting people to regain stability and move to permanent housing.

To assist in determining how to allocate ESG funds, Fulton County held several community meetings throughout the years as Covid funding was allocated and spoke with stakeholders to identify priority and evolving needs. Stakeholders include emergency, transitional, and supportive housing providers; service providers and community organizations; and local government agencies.

1. Informing the municipalities and organizations of the availability of funds, application deadline. Letters and emails were sent out in December 2020.
2. The first public meeting was held on February 11, 2021. The hearing was advertised in the local newspaper and a blast emailed to a cross section of organizations, municipalities, state agencies, as well as advocacy organizations focused on fair housing, and language barriers. to inform them of the hearing.
3. The Action Plan was disseminated by email to the participating jurisdictions as well as organizations that represent low- and moderate-income persons and those with limited English proficiency. The second public hearing announcement was included in this communication.
4. The plan was available for public comment for 30 days and available on the county website.
5. A second hearing will be held on April 1, 2021 and advertised with the availability of the Action Plan for display. Notice will be disseminated through agencies that have contact with low- and moderate-income persons and those with limited English proficiency.
6. Comments received were provided during the public hearing during which participants indicated a need for affordable housing and food security.

Table 5 - Expected Resources – Priority Table

### Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

There are no CDBG Matching funds requirements. Communities are encouraged to use CDBG funds to leverage local funds to undertake projects of local significance.

HOME requires a matching fund contribution of 25% as outlined in 24 CFR 92.218. These are anticipated to be satisfied through a mix of match carryover from prior years as interest foregone as a result of homeowners received below market rate loans with HOP assistance. The County provides matching funds of twenty-five cents from the County’s General Fund for each HOME dollar expended.
The Emergency Solutions Grant (ESG) program requires a 100% match which will also be met using County General Funds. The County funds activities that serve persons experiencing homelessness through the CSP program.
If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

CDBG funding will be used to develop public facilities for public purposes using existing owned properties to include: Sidewalks, including accessibility improvements for sidewalks and curbs, may be installed or replaced in these areas, especially in locations with high pedestrian use such as routes commonly used by school children or people walking to public transportation and shopping; water and sewer improvements.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Fulton County entitlement jurisdiction covers unincorporated Fulton County, as well as the cities of Alpharetta, Chattahoochee Hills, College Park, East Point, Fairburn, Hapeville, Milton, Mountain Park, Palmetto, and Union City, who executed a cooperation agreement with Fulton County during urban county requalification process. The cities of Atlanta, Roswell, and Sandy Springs and South Fulton do not participate with Fulton County and receive their own HUD grant allocations.

Geographically, the Fulton County entitlement jurisdiction is divided into disparate north and south portions by the cities of Atlanta, Roswell, and Sandy Springs, which lie in middle of the county. While HUD-funded activities that qualify on an area basis may be located in any income-eligible areas with the entitlement jurisdiction, all of Fulton County’s low- and moderate-income census tracts are located in southern Fulton County. Thus, CDBG-funded public facility and infrastructure improvements completed over the next five years will be targeted to the southern portion of Fulton County, unless they serve a population that is specifically eligible for assistance (e.g., seniors, people with disabilities, victims of domestic violence).

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Fulton County does not designate specific areas for allocation of funds as part of its strategic use of HUD grant funds. Instead, the County’s programs are designed to serve low- and moderate-income individuals and households throughout the County’s service area.

The County chooses not to designate specific geographic target areas so that it may concentrate on priority need for services and improvements based on eligibility, availability of funds, and readiness to proceed.

Discussion

The above goals are based on the accomplishment goals set in the Projects section AP 35.
Introduction

The Housing Authority of Fulton County (HAFC) operates Public Housing and Housing Choice Voucher programs in Fulton County. As of 2020, the HAFC operates or assists 1,958 total units of affordable housing. 960 assisted families utilize housing choice vouchers, 132 units are Low Income Housing Tax Credits, 212 units are project-based vouchers (of which 100 resulted from a RAD conversion), and 654 are port vouchers.

The Housing Authority of the City of East Point (EPHA) currently has 280 units of traditional public housing, as well as 555 housing choice voucher units.

Actions planned during the next year to address the needs to public housing

The goal of the HAFC is to provide decent, safe, and sanitary rental housing for eligible families, to provide opportunities, promote self-sufficiency and economic independence for Housing Choice Voucher (HCV) participants. The Mission Statement is "To provide and develop quality affordable housing opportunities for individuals and families while promoting self-sufficiency and community revitalization." HAFC has partnered in six Low-Income Housing Tax Credits (LIHTC) developments, owned, and managed by private entities, with Phase II of the newest development underway. HAFC continues to seek development partners, HUD funding, LIHTC, and other non-federal sources to develop affordable housing construction or rehabilitation.

The HAFC has converted all public housing units in its portfolio to other forms of publicly supported housing other than Sterling Place Apartments located at 144 Allen Road, Sandy Springs, Georgia. The “Partnership Properties” include:

- Arcadia at Parkway Village
- Woodbridge at Parkway Village
- Providence at Parkway Village
- Legacy at Walton Lakes

The EPHA added 180 units of senior housing in the summer of 2020. The new EPHA development is called the Hillcrest Active Adult Community and is funded with tax credits and has a Section 8 project based vouchers for 36% of the units. A second phase is planned in the future. The Resident Council Association is an active force in working with the Authority staff.

Actions to encourage public housing residents to become more involved in management and
participate in homeownership

HAFC residents have several opportunities to receive assistance with the home buying process.

- The HAFC is a HUD Certified Housing Counseling Center, which offers Homebuyer Education Workshops to prepare residents to become first-time homebuyers.
- There are also 25 HAFC housing choice voucher participants utilizing their vouchers for homeownership.
- HAFC offers the Family Self-Sufficiency Program – a 5-year program that provides tenants with individual training and supportive services to help the family prepare to transition out of assisted housing programs. The program encourages participants' families' self-sufficiency and helps expand family opportunities that address educational, socio-economic, recreational, and other human service needs.

The EPHA offers the Family Self-Sufficiency Program as well.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

None of the housing authorities in Fulton County are designated as “troubled.”

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Fulton County is covered by the Fulton County Continuum of Care, a network of service providers covering Fulton County (not including the City of Atlanta). The Fulton County Continuum of Care brings together housing and service providers to meet the needs of homeless individuals and families. Fulton County is in the process of completing a Homeless Plan that will seek to align existing planning efforts related to homelessness to foster a more consistent approach to homelessness and affordable / low-cost housing.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Coordinated Intake and Assessment System (CIAS) is designed to complete outreach and recruit homeless individuals and families throughout the geographic area of Fulton County, to assess their individual needs and facilitate access to services in response to those identified needs. CIAS utilizes a multi-tiered approach which requires for the operation of an Assessment Center centrally located in both the south and north areas of Fulton County. To satisfy eligibility criteria for participation in the Emergency Solutions Grant program, applicants must be below 30% AMI, according to the current HUD income limits (for homelessness prevention assistance), or homeless or at risk of becoming homeless (for rapid re-housing assistance) and lacking sufficient resources and support networks necessary to retain housing without ESG assistance. All ESG participants receive an initial consultation to determine eligibility and assistance.

Over the next year, the CoC and other homeless housing and service providers in Fulton County will continue reaching out to homeless persons, including unsheltered persons, through emergency shelter, meals, transportation, counseling, and case management. One of the objectives of Fulton County’s draft Homeless Plan is to prioritize unsheltered and vulnerable households, with strategies that include training and support for service providers and integrated services with behavioral health and healthcare systems. The GA 502 Fulton County CoC and Fulton County established Homeless Assessment Centers at the North and South Fulton Annex offices in an effort to establish a collective community and county approach to supporting and providing solutions to homelessness and homeless prevention.

The GA 502 CoC hosts six CoC membership meetings a year to discuss homeless issues and strategies; provide ongoing updates through a newsletter and public announcements. Additionally, the COC sponsors periodic workshops.

Hope through Soap provides outreach primarily in the North Fulton County area. The send referrals to
the County Assessment Center for follow-up.

During the 2021 program year, Fulton County will use ESG funds to fund street outreach.

**Addressing the emergency shelter and transitional housing needs of homeless persons**

There are 467 emergency shelter beds in the County. Of these, 2/3 are for single adults, 159 for families with children. There are 4 beds available for unaccompanied youth. There are also 93 Transitional Housing units, of which 20 are dedicated to Veterans. Most transitional housing is available only to families with children and 4 beds are available for unaccompanied youth.

During the 2021 program year, Fulton County will use ESG funds to fund emergency shelter and transitional housing providers.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

During the 2021 program year, Fulton County will fund organizations that provide case management and housing navigation services to assist homeless individuals and families, including those staying in emergency shelter, make the transition to permanent housing and prevent returns to homelessness. ESG funds are provided to North Fulton Community Charities for rapid rehousing. In addition, the County will fund case management, legal representation and counseling, emergency financial assistance, and rental assistance. The County will also work to increase the availability of affordable housing in Fulton County by using HOME funds to support the development of new affordable rental housing.

The GA 502 Fulton County CoC and Fulton County established Homeless Assessment Centers at the North and South Fulton Annex offices in an effort to establish a collective community and county approach to supporting and providing solutions to homelessness and homeless prevention.

A key objective of the County’s draft Homeless Plan is to increase the inventory of diversion, rapid rehousing, and permanent supportive housing to successfully divert or quickly rehouse all eligible households.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving**
assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Over the next year, housing and service providers in Fulton County will continue to work together to prevent homelessness in populations who are vulnerable to or at risk of homelessness. Organizations and resources to prevent homelessness that will be in place during the 2021 program year in Fulton County include:

- North Fulton Community Charities provides emergency financial assistance, thrift shop, food bank, government benefits screening, and rapid rehousing.
- The Community Assistance Center provides rental assistance, food, clothing and education resources for homelessness prevention.
- LIFT Community Development Corp. provides housing and shelter referrals, life and financial skills training, food and clothing giveaways, transportation assistance, education and employment referrals, and mental health and wellness assessments.
- HOPE Atlanta (Travelers Aid) provides rental and security deposit assistance, housing search assistance, one-on-one support, and rapid rehousing, as well as emergency services, crisis intervention, transitional and permanent supportive housing for persons living with HIV/AIDS. HOPE Atlanta’s Supportive Services for Veterans and their Families Program funds rapid rehousing and prevention assistance to homeless veteran households.

The Homeless Department is navigating the County’s work with diversion programs and in 2020 joined task forces that address justice and mental health.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

During the 2021 program year, Fulton County will provide HOP funds to help lower income households become homeowners. Removing the barrier for African-American households to become homeowners is a means to building generational wealth.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In January 2019, the Fulton County Board of Commissioners passed a resolution urging municipalities in Fulton County to implement affordable housing policies. The resolution allows the Development Authority of Fulton County to apply local affordable housing ordinances to any multi-family projects completed through the Development Authority.

The Analysis of Impediments to Fair Housing Choice (AI) completed for Atlanta and Fulton County in September 2020 identified barriers to affordable housing and homeownership. One primary barrier is the shortage of available units in areas of economic opportunity. The lack of investment in neighborhoods where there is affordable housing that are high concentrations of racial and ethnic concentrations and a concentration of poverty creates further barriers. For persons with disabilities, the problems are magnified. There is a shortage of housing served by transit and other amenities. Zoning in many communities defines “family” in restrictive way that prevents development of shared housing and make it difficult to work with the ordinances that rely on variances and SUPs rather than reasonable accommodation. Language also creates a barrier to access to housing.

Programs that are funded by Fulton County that seek to overcome these barriers include the HOP – Homeownership program and a willingness to fund rental developments through the HOME Program. Housing rehabilitation and public facility improvements in lower income areas alleviates some of the investment barriers in these areas.

The County continues to fund rental assistance for persons leaving emergency shelters or the streets through rapid re-housing and additional resources were made available with COVID funding sources. Funding through COVID resources is available through the County for rental assistance as well.

AP-85 Other Actions – 91.220(k)

Introduction:

This section details Fulton County’s actions planned to ensure safe and affordable housing for its residents, along with plans to meet underserved needs, reduce poverty, develop institutional structure, and enhance coordination between public and private sector housing and community development agencies.

Actions planned to address obstacles to meeting underserved needs

Fulton County identified the underserved needs as: affordable housing and homeownership opportunities, rehabilitation assistance for low-income homeowners, homeless prevention and rapid-rehousing, supportive services for persons experiencing homelessness and special needs populations, fair housing enforcement and education and community revitalization (including facility, park, and infrastructure improvements).

To help remove obstacles to meeting underserved needs and improve service delivery, Fulton County supports the continued development of the Fulton County Continuum of Care, a collaborative to coordinate the work of social service organizations, disseminate news and information, eliminate duplication of effort, and spearhead community-wide solutions to local needs. Fulton County will provide funding to address underserved needs through CDBG, HOME, ESG and general fund commitments in support of programs that address these needs. Such programs include:

- Housing rehabilitation
- Housing development and homeownership
- Tenant Based Rental Assistance
- ESG funded facility operations and services
- ESG funded rapid re-housing and homeless prevention
- Community projects to improve parks, remove handicap barriers, improve sidewalks, water and sewer facilities

The Analysis of Impediments to Fair Housing Choice (AI) completed for Atlanta and Fulton County in September 2020 identifies obstacles to having a more equitable housing choice as well as institutional obstacles. Lack of knowledge of fair housing protection and redress results in lack of reporting. Lack of knowledge also presents obstacles facing persons with disabilities from seeking protection through fair housing laws. Training has been offered and will continue to be offered to advocacy groups and individuals seeking to address the needs of persons with disabilities.

The CDBG program will continue to fund Metro Fair Housing Services, Inc. to address this obstacle by conducting fair housing outreach and to assist residents navigate the complaint process with HUD and
the Georgia Department of Justice.

**Actions planned to foster and maintain affordable housing**

Fulton County will continue to offer their core programs – including home purchase assistance, housing rehabilitation assistance, and tenant-based rental assistance – in order to foster housing affordability. HOME funds will also be used to support the development of new affordable housing, including multifamily rental developments and homeownership opportunities. The County will continue to use HOME funds to support development of affordable housing by a local CHDO.

In addition to specific programs designed to foster and maintain affordable housing, the County will encourage participating jurisdictions to review their zoning ordinances for prospective barriers to affordable housing development, and to make amendments as needed.

**Actions planned to reduce lead-based paint hazards**

Over the next year, Fulton County will continue to conduct lead-based paint inspections associated with the housing rehabilitation and homeownership programs and, if a hazard is found, remediation. These actions will both reduce lead exposure risk and help to maintain the county’s older, lower and moderately priced housing. Any housing rehabilitation activities conducted using HOME and CDBG funds will continue to be monitored closely for any potential lead exposure.

**Actions planned to reduce the number of poverty-level families**

Over the FY 2021 program year, Fulton County will continue its workforce development programs through WorkSource Fulton to connect individuals with job skills and employment. Homeless service providers will continue to offer job search and resume assistance. A focus on improving the jobs/housing balance in existing and emerging job centers in Fulton County will aim to help poverty-level families access more employment opportunities, while potentially lowering transportation and housing costs.

CDBG and HOME funds will continue to enforce the provisions of Section 3 providing Employment Opportunities to low-income residents of Fulton County. To the extent possible, Section 3 gives priority to hiring workers for federally funded projects over $100,000 and to contracting and subcontracting with businesses that are Section 3 certified.

**Actions planned to develop institutional structure**

Fulton County has developed a robust administrative structure to manage its CDBG, HOME, and ESG funds. The County’s Department of Community Development offers technical assistance sessions for potential subrecipients, CHDOs, and contractors to learn how to effectively administer funding from the CDBG and HOME programs. In addition to working with organizations, the County’s citizen participation...
process is designed to keep constituents abreast of funding plans and make engaged and informed citizens another vital part of the institutional structure.

The CoC hosts 6 membership meetings a year to discuss homeless issues and strategies; provide ongoing updates through a newsletter and public announcements. Additionally, the COC sponsors periodic workshops. These venues allow the County to be involved in the overall system to address homelessness.

The AI pointed to the need to address education and knowledge of Fair Housing protections. Metro Fair Housing Services, Inc., a nonprofit fair housing advocacy organization whose service area includes Fulton County and the City of Atlanta, was awarded grant funding under HUD’s Fair Housing Initiatives Program (FHIP) in 2020. Under the FHIP, HUD awards grant money to local fair housing advocacy organizations who assist persons believed to have been harmed by discriminatory housing practices; to help people identify government agencies that handle complaints of housing discrimination; to conduct preliminary investigation of claims; to carry out testing and enforcement activities to prevent or eliminate discriminatory housing practices; and to educate the public and housing providers about equal opportunity in housing and compliance with the fair housing laws. Both HUD and the Georgia Department of Justice adjudicate complaints. CDBG funding is also granted to Metro Fair Housing Services, Inc.

The County will continue to strengthen its outreach to limited-English speaking persons in accordance with the Language Access Plan.

**Actions planned to enhance coordination between public and private housing and social service agencies**

Fulton County will continue to be an active participant in the Fulton County Continuum of Care. The CoC promotes community-wide commitment to goals of ending homelessness; quickly re-housing homeless individuals and families; effective utilization of mainstream resources; optimizing consumer self-sufficiency. Membership includes emergency, transitional, and permanent housing providers, nonprofit social service organizations, and government agencies.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Fulton County does not anticipate investing HOME funds in other forms than described in 24 CFR Section 92.205(b) of the HOME Investment Partnerships Final Rule regulations effective October 1,
1996 and as subsequently amended. The County will notify HUD as appropriate if any changes are proposed and follow the applicable substantial amendment process as outlined in the County’s Citizen Participation Plan.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Fulton County’s Home Ownership Program (HOP) provides direct assistance to homebuyers towards the purchase price of a home. The affordability is based on a recapture provision. If the home is sold or otherwise changes ownership or fails to remain the principal residence of the buyer during the first five years, a portion of the HOME funds must be repaid (All HOP loans are $15,000 or less thereby requiring only a 5-year recapture period.) The affordability provision is secured and enforced through a mortgage deed and a note. The mortgage deed is filed for recordation with the Fulton County Clerk of Superior Courts, and these requirements place a lien on the property that should trigger any action related to the sale, transfer, assumption or foreclosure of the HOME-assisted property. The mortgage and note clearly define the dollar amount and the loan terms; contain default provisions and stipulation that the Borrower is responsible for maintaining the home in good repair.

The policy of Fulton County for the recapture of HOME investments in cases where the borrower does not occupy the house for the full term of the affordability period is derived from the HOME program regulations at 92.254(a)(5)(ii)(A) and section 215(b)(3)(B) of the National Affordable Housing Act. Fulton County has selected option number three, shared net proceeds, as set forth in paragraph 92.254(a) (5) (ii) (A)(3) of the program regulations. Net proceeds means the sales price minus the first loan repayment, standard real estate commissions, if any, real estate taxes and closing costs. If the net proceeds are not sufficient to recapture the full amount of the investment plus enable the homeowner to recover the amount of the homeowner’s down payment and any capital improvement investment made by the homeowner since purchase, the County must share the net proceeds with the homeowner.

Fulton County’s policy of proportional return of investment is to encourage the purchaser to participate in the program and provides a fair return to both the purchaser and Fulton County at the time of the sale. Because it is impossible to dictate the sales market condition at the time of the actual sale, Fulton County has elected to set the following policy: The net proceeds will be divided proportionally as set forth herein by mathematical formula: A = HOME Recapture amount, B = Amount to homeowner; Direct HOME investment; Direct HOME investment + homeowner investment X Net proceeds = A; Homeowner investment, Direct HOME investment + homeowner investment X Net proceeds = B. The Home Investment is the amount of funds that the owners made for improvements to the property over time. If there are no net proceeds, repayment of the note is not required. In the event the net proceeds exceed the amount necessary to repay both the
homeowner’s investment, the excess proceeds will be paid to the homeowner.

Should the county fund a rental development project, a resale provision will be used. A restrictive covenant would be placed on the property for the term of the affordability period.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Fulton County’s HOME program has adopted the use of the recapture provision for homeownership to achieve the goal of continued affordability and annually certifies that the homeowner maintains the assisted unit as their primary resident. The County annually sends a Homebuyer Certification document to each HOP second mortgage beneficiary (currently in the affordability period) terms of the second mortgage loan to include existing primary residency requirement. Recipients are requested to verify receipt of the certification document by including the respective borrower’s signature and date of the document, then return to the signature and date of the document, then return to the County via facsimile or U.S. Postmaster. To ensure that the home buyer certification documents are sent and not forwarded to any other address the County uses a stamp stating the following: “Return Service Requested Do Not Forward.”

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

Refinancing is not an eligible activity under any federally-funded HOME programs. Therefore, Fulton County does not plan to use HOME funds to refinance existing debt and has not established refinancing policy guidelines for the use of HOME funds.

**Emergency Solutions Grant (ESG)**

Reference 91.220(l)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

Fulton County enthusiastically supports and partners with the GA 502 Fulton Country CoC approach to addressing the needs of people who are homeless or at risk of becoming homeless. Our shared vision and commitment are focused on rooting out the causes of homelessness and aiding individuals and families in their successful reintegration into the community. Fulton County and the
GA 502 Fulton County CoC work collaboratively to identify and serve the chronically homeless, youth, families, and veterans through the GA 502 Coordinated Intake and Assessment System (CIAS). The staff of the Fulton County’s Homeless Division provides administrative support to the GA 502 Board of Directors. Utilizing ESG and other jurisdictional allocations coupled with the CoC Supportive Housing Program grant funds, the planning committee formulates the plan to implement strategies to address the 7 performance measures targeting the groups identified above and measures, using HMIS performance data, the impact of the strategies on the intended population. Fulton County’s ESG written standards are included as an attachment to this plan.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Coordinated Intake and Assessment System (CIAS) is designed to complete outreach and recruit homeless individuals and families throughout the geographic area of Fulton County, to assess their individual needs and facilitate access to services in response to those identified needs. CIAS utilizes a multi-tiered approach which requires for the operation of an Assessment Center centrally located in both the south and north areas of Fulton County. To satisfy eligibility criteria for participation in the Emergency Solutions Grant program, applicants must be below 30% AMI, according to the current HUD income limits (for homelessness prevention assistance), or homeless or at risk of becoming homeless (for rapid re-housing assistance) and lacking sufficient resources and support networks necessary to retain housing without ESG assistance. All ESG participants receive an initial consultation to determine eligibility and assistance.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

In accordance with HUD 24 CFR 576.3 (Allocation of Funding), regulations mandate that 7.5% of funds should be spent on administrative activities, a maximum of 60% of Fulton County’s ESG funds are to be spent on shelter activities, and the remaining 40% are to be spent on homeless prevention and rapid rehousing activities proposed by organizations. The Department of Community Development administers ESG funds through its Homeless Assessment Centers and also awards grant funds to sub-recipients to carry out eligible activities in compliance with all applicable federal regulations. The ESG written standards attached to this plan outline the County’s process for allocating ESG funds.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Not applicable. Fulton County successfully meets the homeless participation requirements.
5. Describe performance standards for evaluating ESG.

ESG performance standards are upheld through review of monthly or quarterly reports determined by the designated ESG Project Manager depending on the project or service to the County. It is imperative that the reports are submitted as scheduled. The County is responsible for reporting program accomplishments to HUD, who in turn submits the information in congressional reports. Each Project Manager responsible for technical support of the subrecipient will provide reporting formats prior to commencement of the ESG-funded project or service. Project Manager(s) will visit the site of each project or service delivery location no less than annually to assess progress. Additional site visits may be required depending on the subrecipient’s need for technical support. Each ESG subrecipient must keep records of fund expenditures; a copy of the ESG contract executed with Fulton County; and all other project or service information important to the administration of the project for a minimum of four (4) years. The County will monitor ESG subrecipient files and record keeping procedures at least annually. Each agency receives notification in writing prior to the anticipated monitoring date. The HMIS database is also reviewed to review performance.

Subject: Grant funds

Good afternoon, maybe some of the funds can be dispersed to some of the homeless agencies to a lot Kroger food gift cards to person and or families that are in need. I have clients that get very little food stamps and still find themselves in need of food, especially my families with kids.

Maybe some of the funds can be used for technology for the youth in the communities that are at home schooling due to COVID. I personally have purchased 2 tablets for 2 families in my program that have school age children.

Sincerely,

Response:

1. The HUD rules will not allow us to provide funding for gift cards but the need for food is an important concern. We hope community groups that have the capacity to address this need will request funding.

2. We did have a request for funding for technology for school children and funded a program. Again, if any community groups come forward with such requests, we would consider them.

Subject: Comments for Fulton County Planners of 2021 HUD Annual Action Plan

To Whom It May Concern:

As Grants Manager for Partnership Against Domestic Violence, I urge the planners to continue to include victims of domestic violence among the groups of persons in need of assistance. PADV, as the state’s oldest domestic violence agency, provides shelter, case management, legal assistance and housing. We help meet the needs of domestic violence victims to find safety and a new start, free from violence. When clients in crisis situations are trying to escape danger and threats by abusive partners, they call PADV’s crisis lines. Advocates conduct an assessment to help victims remove themselves from the danger, through safety planning, funds for hotel/motel vouchers, and for many, admittance into PADV’s Safe House. With funding from HUD, for those who are eligible for rental assistance, our advocates can pay for rental arrears for existing housing, or security deposits and/or first month’s rent to move into a new place. We also fund longer-term housing through HUD Continuum of Care grants.

Domestic violence is a chronic problem in our society. The National Coalition Against Domestic Violence estimates 1 in 4 women and 1 in 9 men have experienced intimate partner violence. While exact numbers of victims are not available, the Georgia Bureau of Investigation reports more than 3,000 incidents of family violence occurred in Fulton County in 2017 – the latest year for which statistics are available. The consequences are injuries and sometimes death, as well as financial devastation, risk of homelessness and
child and adult trauma. The stresses and strains resulting from COVID-19 – families forced to stay together for long stretches of time; job losses; income depletions; and the ever-present risk of sickness, hospitalization and death – all exacerbate tensions that can lead to domestic violence. The Emory University School of Medicine’s Injury Prevention Research Center identified, from a study of 30 weeks of crime data from the Atlanta Police Department, a rise of domestic crimes during the COVID-19 period compared with the previous two years. A spike in domestic crimes was recorded after city and statewide shelter-in-place orders.

While employment in restaurants, hotels, and retail have often been the means for a victim to begin working and creating an income stream, jobs in these industries have been drastically reduced because of COVID, and automation is replacing many factory jobs. According to a recent article in the Washington Post, citing a report of the McKinley Global Institute, “20% of business travel won’t come back and about 20% of workers could end up working from home indefinitely. These shifts mean fewer jobs at hotels, restaurants, and downtown shops, in addition to ongoing automation of office support roles and some factory jobs.”

Until such time as our economy bounces back, and the workforce is realigned, DV victims in Fulton County need our help in gaining safe housing and food to sustain themselves and their children. We thank you for your consideration of the needs of many in Fulton County.

Sincerely,

Pat Sheppard, Grants Manager

COVID-19 distancing, gathering restrictions eased

By Boaz Evans

Gov. Brian Kemp has delivered long anticipated COVID-19 distancing restrictions to Georgians until the end of the year. The order, which was announced this morning, came after several weeks of discussions with local officials.

Kemp said the restrictions, which include up to 25 people in any gathering, will be in place until the end of 2020. The move comes as Georgia reported over 100,000 cases of the virus this week.

"We are taking the right steps to avoid a second wave of the virus and to protect our health care workers," Kemp said. "This order will allow us to continue to open up Georgia and to safely reopen our economy."
Atlanta Humane Society takes in 29 dogs rescued in Toccoa

By Everett Catts
@EverettCatts

The Atlanta Humane Society announced it has taken in 29 dogs that were living in a property in Toccoa and will put them up for adoption.

The dogs, all large-breed mixes, were brought to the Toccoa Stephens County Humane Shelter before being picked up by the society due to an order to vacate the property, according to TSC Humane Society Spokeswoman Christa Hill.

"The dogs were in poor condition, living in a ramshackle trailer," Hill said. "They were all removed from the property by the Toccoa-Stephens County Animal Control unit. There were no charges expected to be pressed.

"It's important to note that the property owner is not a licensed breeder, but was keeping the dogs for a friend," Hill said. "We encourage anyone who finds themselves in a situation like this to contact their local animal control agency for assistance in getting these animals in good hands.

The owners of the property were cited for multiple code violations, including the housing of more than the allowed number of dogs, improperly fenced and chained dogs, and insufficient food and water for the dogs. The property also lacked proper waste management, and the dogs were found to have been living in unsanitary conditions.

The Atlanta Humane Society has taken the dogs into their care and is currently working to ensure the dogs receive proper medical care and socialization before they are ready for adoption.

North Fulton lawmakers condemn Capitol riot

By Elizabeth Kneuer-Grady
@kneuergrady

North Fulton lawmakers are among the countless senators and representatives who have spoken out against the violence of the Capitol building last week. Some of the most vocal included Sen. April Doss and Rep. Lucy McBath.

"This was a violent attack on our Capitol and our democracy," Doss said in a statement. "It was an assault on the rule of law and our responsibility to protect our nation's capital. We must remain united and committed to upholding the ideals we hold dear.

"We must never let our anger or frustration lead us to violence," Doss added. "This is not who we are as Americans. We must come together and find a way forward.

"I stand with my colleagues from both sides of the aisle in condemning this despicable behavior," Doss concluded.

"This is not the America we believe in," McBath said in a statement. "We must not condone or accept violence of any kind. This is not acceptable.

"We must come together as one and find a way forward," McBath added. "We must never forget the sacrifices of those who served our country in uniform. We must honor their legacy by being good citizens and being part of the solution, not the problem.

"We must not be silent in the face of this unacceptable behavior," McBath concluded. "We must stand up for what is right and be part of the solution, not the problem."

HOME INVESTMENT PARTNERSHIPS PROGRAM
Recapture/Resale Provisions

Fulton County, GA Housing and Community Development pledges to foster the letter and spirit of the law for achieving equal housing opportunity.
Background

The HOME Investment Partnerships (HOME) Program was established under TITLE II of the Cranston-Gonzalez National Affordable Housing Act. The purpose [SEC. 203. [42 U.S.C. 12722]] of HOME funding is to:
A. Expand
   a. The supply of decent, safe, sanitary and affordable housing
   b. The capacity of Nonprofit Housing Providers
B. Strengthen:
   a. Ability of state and local governments to design and implement strategies for achieving an adequate supply of housing
   b. Public-private partnership
C. Provide participating jurisdictions, on a coordinated basis, with the various forms of Federal housing assistance, including capital investment, mortgage insurance, rental assistance, and other Federal assistance, needed

The HOME Program is administered through the U.S. Department of Housing and Urban Development (HUD). Fulton County, as a participating jurisdiction (PJ), receives funds under the HOME Program.

Purpose of this manual

The purpose of this Manual is to provide information required to carry out the responsibilities under the Fulton County HOME Program. Fulton County Housing and Community Development is responsible for ensuring appropriate utilization of the Department of Housing and Urban Development (HUD) entitlement funds. If, in the course of using this Manual, inconsistencies or ambiguities are found by the user, it is the responsibility of the user to contact Fulton County for clarification. Such clarifications will be provided by Fulton County in its sole and absolute discretion. This Manual will be applicable (until amended or superseded). Any updated policies and/or forms will be distributed under a cover letter and inserted into this Manual.
Participating Jurisdictions (P Js) undertaking HOME-assisted homebuyer activities, including any projects funded with HOME Program Income (PI), must establish written resale and/or recapture provisions that comply with HOME statutory and regulatory requirements. These provisions must also be set forth in the PJ’s Consolidated Plan. The written resale and/or recapture provisions that a PJ submits in its annual Action Plan must clearly describe the terms of the resale and/or recapture provisions, the specific circumstances under which these provisions will be used (if more than one set of provisions is described), and how the PJ will enforce the provisions for HOME-funded ownership projects. HUD reviews and approves the provisions as part of the annual Action Plan process.

HOME requires that PJs utilize resale and/or recapture provisions to ensure continued affordability for low- to moderate-income homeowners and as a benefit to the public through the wise stewardship of federal funds.

DHCD has programs which could use HOME funds to assist homeowners or homebuyers:

- **Housing Rehabilitation Deferred Payment Loan Program/Deferred Payment Loans (DPL):** This program assists low to moderate income Fulton County residents make needed home improvements for the correction of health, safety code violations through Deferred Payment Loans (DPL).

- **Home Ownership Program (HOP)/a second mortgage Deferred Payment Loan:** This program assisted approved homebuyers with a deferred payment loan second mortgage loan for down payment assistance and closing cost. Fulton County directly administers the program through a network of participating lenders, who are responsible for originating, underwriting, closing, and funding mortgage loans. Applications are reviewed following standard underwriting criteria, and Fulton County compliance guidelines based on HOME regulations found at 24 CFR Part 92. Funds are reserved on a first-come, first-served basis, and all HOP borrowers must complete a pre purchase home ownership counseling workshop or individual counseling. Post Counseling may be required. Housing counseling activities must be facilitated by a HUD-approved counseling agency. There was a revision made to the program guidelines to include providing up to 6% of sales price, not to exceed $10,000, in down payment and closing cost assistance in accordance with the 1st mortgage lender requirements.

- **CHDO/Rental Development:** The Development Programs administer funding to qualified agencies to assist with the development of affordable rental properties through acquisition and rehabilitation activities. On-going compliance is provided to several properties during the affordability period.

**Specific examples where the DHCD would use the resale method include:** N/A.

DHCD does not have any cases where resale is encouraged and does use resale in the HOME program however, if a situation arises a resale provision policy will be outlined in accordance with 24 CFR Part 92.254(a)(5)(i)(A) and (B).

**Specific examples where the DHCD would use the recapture method include:** HOP

Fulton County’s Home Ownership Program is designed to assist eligible home buyers, who are seeking to purchase a home in Fulton County, outside the city limits of Atlanta, Roswell, and Sandy Springs. The program will assist approved homebuyers with assistance depending upon the loan type in the form of a deferred payment loan second mortgage loan, which does not require repayment as long as the home remains the primary residence, and is occupied by the borrower during the affordability period. The borrower must take maximum advantage of the terms offered by the first mortgage lender in order to
minimize the amount of the HOP Loan. The first mortgage loan amount must include the maximum LTV, closing costs, and prepaid expenses, to the extent permitted by the Mortgage Insurer (or the investor, in the case of an uninsured first mortgage). There will be no required regular monthly or annual payments under this Note.

Fulton County will directly administer the HOP through a network of participating lenders. These lenders are lending institutions that are required to comply with the Community Reinvestment Act (CRA). The participating lenders are responsible for originating, underwriting, closing, and funding Program Loans. A home buyer must apply for any of these deferred payment options through one of these lenders. Applications will be reviewed following standard underwriting criteria. Fulton County compliance guidelines based on HOME regulations found at 24 CFR Part 92 and funded on a first-come, first-served basis. All HOP borrowers must complete a pre-purchase home ownership counseling course and possibly post-counseling. The applicant is made aware of the post-counseling mandate and acknowledges this requirement via a HOP closing form.

Recapture Provisions
Fulton County’s HOME program has adopted the use of the recapture provision to achieve the goal of continued affordability. The design of the HOP program is direct assistance to the homebuyer towards the purchase price of the home. Currently, HOME funds do not cover the difference between the fair market value of the property and the sales price. This provision is secured and enforced through a mortgage deed and a note. The mortgage deed is filed for recordation with the Fulton County Clerk of Superior Courts, and these requirements places a lien on the property thereby should trigger any action related to the sale, transfer, assumption or foreclosure of the HOME-assisted property. The mortgage note clearly define the dollar amounts and the loan terms; contain default provisions and stipulation that the Borrower is responsible for maintaining the home in good repair.

Recapture Funds: HOME funds recouped by Fulton HCD when HOME assisted homeownership housing does not fulfill the requirements set by the program for full-imposed affordability period.

Program Specific Requirements: Guidelines for Recapture of HOME Funds Used for Home Buyers under the Home Ownership Assistance Program (HOP): If conditions of the note are met, the principal balance will be reduced by 20% each year beginning after the first year of occupancy, for the duration of the loan. If there is an occurrence of default, the outstanding principal balance will become due and payable. These funds will be remitted to Fulton County HCD and will be utilized for HOME-eligible activities only.

The applicant(s) must occupy the property as his/her primary residence for the period of affordability as set forth by the loan amount. The HOP loan agreement is signed by the homebuyer at the time of financing to ensure that the homebuyer is committed to this obligation. The borrower is also required to sign the acknowledgement of rights form certifying that they understand estrain program restrictions.

The Period of Affordability ensures that the property will remain affordable for a certain prescribed period. This time period is based upon the loan amount of the assistance and begins upon activity completion into HUD’s IDIS reporting systems. The Period of Affordability for all the HOME Loans under $15,000 is six years. Fulton County will follow the guidelines indicated below for all HOME Loans both during and after the affordability period associated with the HOME assistance:
Sale, Transfer or Foreclosure: In the event the borrower sells or transfers the mortgaged property or if the mortgaged property is foreclosed upon, and after the first lien holder is satisfied, Fulton County will employ the shared net proceeds option in accordance with 24 CFR Part 92.254(a)(5)(ii)(A) and will accept the remaining funds available based on the Settlement Statement as the net proceeds of the sale and as the amount of HOME funds subject to recapture as provided in 24 CFR Part 92.254(a)(5)(ii)(A)(3). The borrower signs a loan agreement stating they agree to repay an amount equal to the net proceeds of the Fulton County HOME loan. Repayment is forgiven if and only if there are no funds remaining to repay the loan after disposition of the property, thereby write-off the remaining balance. Fulton County will satisfy the security deed and will not pursue any further collection efforts.

If a transfer of the property is made to a lineal heir(s) upon my death, in the event that said lineal heir(s) is not eligible for assistance under the Fulton County Down Payment Assistance Program, said lineal heir must repay the loan in full or pay the amount remaining after satisfaction of the first mortgage and closing costs.

- In the event that said lineal heir(s) is not eligible for assistance under the Fulton County Home Ownership Assistance Program, said lineal heir must repay the loan in full or pay the amount remaining after satisfaction of the first mortgage and closing costs;
- If the lender permits the lineal heir to assume the first mortgage, and the lineal heir is over-income for HOME assistance, the lineal heir must repay the remaining balance of the HOME loan;
- If the lender permits the lineal heir to assume the first mortgage, and the lineal heir is HOME income-eligible, then the County’s loan agreement should permit the lineal heir to also assume the HOME loan if he/she agrees to occupy the property as their principal residence and other deed restrictive covenant items for the entire affordability period then there are no net sale proceeds;
- If a lineal heir inherits the property and immediately sells it, he/she must repay the net sales proceeds up to the amount of the remaining balance of the HOME loan.

Mortgage Release: Fulton County HCD will file a “Release” document with the Fulton County Clerk of Superior Courts to release the original HOME-assisted homebuyer from the requirements of the mortgage or other similar mechanism.

Enforcement of recapture provisions. Through the use of a Restrictive Covenant (note, deed, written agreement) signed by the homebuyer at closing.

Monitoring of the provision:
Fulton County annually maintains and certifies that the homeowner maintains the assisted unit as their primary resident. In order to satisfy the requirements of the Program, that homeowner agrees to not:

- Rent, or contract to rent, any part to assume, lease, sell or abandon the Property, or any
- Part thereof, whether voluntarily or involuntarily, to any individual or individuals; or
- Use the Property as an investment property; or
- Use the Property as a recreational home or “second” home; or
- Change the use of the Property, or any part thereof, to a use other than for single-family occupancy.
Process:
Annually the County mails each recipient a letter reminding them of the second mortgage loan, the amount of assistance, the term that the primary residency remains in effect based on the affordability table, and their acknowledge of receiving these funds. The County also maintains and updates a spreadsheet reflecting when the letter was mailed and any other important information.

The policy of Fulton County for the recapture of HOME investments in cases where the borrower does not occupy the house for the full term of the affordability period is derived from the HOME program regulations at 92.254(a)(3)(i)(A) and section 215(b)(3)(B) of the National Affordable Housing Act. Fulton County has selected option number three, shared net proceeds, as set forth in paragraph 92.254(a)(5)(ii)(A)(3) of the program regulations. Net proceeds means the sales price minus the first loan repayment, standard real estate commissions, if any, real estate taxes and closing costs. If the net proceeds are not sufficient to recapture the full amount of the investment plus enable the homeowner to recover the amount of the homeowner’s down payment and any capital improvement investment made by the homeowner since purchase, the County must share the net proceeds with the homeowner. Fulton County’s policy of proportional return of investment is to encourage the purchaser to participate in the program and provides a fair return to both the purchaser and Fulton County at the time of the sale. Because it is impossible to dictate the sales market condition at the time of the actual sale, Fulton County has elected to set the following policy:

The net proceeds will be divided proportionally as set forth herein by mathematical formula:
A = HOME Recapture amount
B = Amount to homeowner

Direct HOME investment
Direct HOME investment + homeowner investment x Net proceeds = A

Homeowner investment
Direct HOME investment + homeowner investment x Net proceeds = B

The Home investment is the amount of funds that the owners made for improvements to the property over time. If there are no net proceeds, repayment of the note is not required. In the event the net proceeds exceed the amount necessary to repay both the homeowner’s investment, the excess proceeds will be paid to the homeowner. The Fulton County recapture policy is the same for voluntary and involuntary sales.

The HOME program will ensure that any recipient of HOME funds adheres to the County’s affordability provision. Currently, the HOP program is the only program using funds for down payment. The County does not use any subrecipient, State recipients, urban county or consortium members, CHDOs or other entities to provide the homebuyer assistance. If the County elects to provide any other entity funds for this purpose, the entity will be required to follow the recapture provision.
EMERGENCY SOLUTIONS GRANT PROGRAM
(ESG) Allocation Process

In accordance with HUD CFR 576.3, (Allocation of funding) regulations mandate that 7.5% of funds should be spent on administrative activities, a maximum of 60% of Fulton County’s ESG funds are to be spent on shelter activities and the remaining 40% to be spent on homeless prevention and rapid rehousing activities proposed by organizations. ESG funds are awarded through a Notice of Funding Availability (NOFA)/ Request for Proposals/Qualifications/Offers (RFP) from qualified applications with projects which are ready-to-go. The department adheres to the following: solicitation, application process, technical assistance, review of eligibility, funding recommendation, funding selection and written agreements.

Solicitation: The RFP will be widely publicized throughout the County using press releases coordinated with the Office of Communication, use of a mailing list with various groups/partners and advertisements appearing in a local newspaper of general circulation; advertisement on Fulton County’s website and postings at specified libraries, government offices and other public places. The advertisement will specify the amount of funds that are available, basic eligibility criteria, details on the process, contact information and the deadline for applications to be submitted, which is typically 30 days.

Application Process: Agencies seeking ESG funding for shelter activities or homeless prevention/rapid rehousing must submit an Application and attach all required documentation including certification forms. The application package consists of an eligibility checklist to be completed by the applicant. The checklist addresses each area of HUD eligibility and provides the applicant the opportunity to specify the documentation they are providing to meet each criteria, work scopes, development and operating budgets, other financing for the project, and long-term cash flow projections upon completion.

ESG applications will only be accepted from eligible organizations those that can demonstrate experience and staff capacity to manage the day-to-day operations that have a specific project for which they are seeking funding.

Provide Technical Assistance: Prior to application submission, staff will conduct a mandatory Technical assistance workshop to address compliance requirements, program performance, funding information covered by the RFP. Applicants not attending the mandatory Technical Assistance Workshop will be deemed ineligible for funding. Information regarding the workshop will also be included in the advertisement and press release.

Review for Eligibility/Recommendation/Selection: The Fulton County Continuum of Care Board will recommend candidates for the RFP selection committee which will evaluate and rank all applications and submit recommendations to the Director of the Fulton County Department of Housing and Community Development.

**Board of Commissioner Approval is only needed if the general activity has not been approved in the current year Annual Action Plan. The ESG Program budget includes line items for Shelter activities, Homeless Prevention, and Rapid Rehousing activities without identifying specific projects. The BOC passed a resolution authorizing the Commission Chairman to execute all documents regarding Continuum of Care projects on their behalf without requiring approval of each identified project (Agenda Item 13-0462). If approval is required, an agenda item will be prepared seeking BOC approval, entered into SIRE for the proposed ESG project after adherence of the Citizen Participation Plan.**

**Major rehabilitation/conversion/renovation** – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

**Essential Services and Operating Costs** – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

**Renovation** – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

**Supportive Services** – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for these individuals.

**Community Issues/Concerns:** A public hearing was held on February 11, 2021 and April 1, 2021. There were no community concerns identified.

The Honorable Robb Pitts
Chairman of Fulton County
141 Pryor Street SW
Atlanta, GA 30303-3464

Dear Chairman Pitts:

I am pleased to inform you of your jurisdiction’s Fiscal Year (FY) 2021 allocations for the Office of Community Planning and Development’s (CPD) formula programs, which provide funding for housing, community and economic development activities, and assistance for low- and moderate-income persons and special needs populations across the country. Public Law 116-260 includes FY 2021 funding for these programs. Please note that this letter reflects a revised amount for the Community Development Block Grant and Section 108 borrowing authority. Your jurisdiction’s FY 2021 available amounts are as follows:

- Community Development Block Grant (CDBG): $1,393,057
- Recovery Housing Program (RHP): $0
- HOME Investment Partnerships (HOME): $670,081
- Housing Opportunities for Persons With AIDS (HOPWA): $0
- Emergency Solutions Grant (ESG): $159,208

Individuals and families across the country are struggling in the face of four converging crises: the COVID-19 pandemic, the resulting economic crisis, climate change, and racial inequity. Through these hardship programs, CPD seeks to develop strong communities by promoting integrated approaches that provide decent housing and suitable living environments while expanding economic opportunities for low- and moderate-income and special needs populations, including people living with HIV/AIDS. We urge grantees to strategically plan the disbursement of grant funds to provide relief for those affected by these converging crises and help move our country toward a robust recovery.

Based on your jurisdiction’s CDBG allocation for this year, you also have $6,969,785 in available Section 108 borrowing authority. Since Section 108 loans are federally guaranteed, this program can leverage your jurisdiction’s existing CDBG funding to access low-interest, long-term financing to invest in Opportunity Zones or other target areas in your jurisdiction.

HUD continues to emphasize the importance of effective performance measurements in all formula grant programs. Proper reporting in the Integrated Disbursement and Information System (IDIS) is critical to ensure grantees comply with program requirements and policies, provide demographic and income information about the persons that benefited from a community’s activities, and participate in HUD-directed grantee monitoring. Your ongoing attention to ensuring...
complete and accurate reporting of performance measurement data continues to be an invaluable resource with regard to the impact of these formula grant programs.

The Office of Community Planning and Development is looking forward to working with you to promote simple steps that will enhance the performance of these critical programs and successfully meet the challenges that our communities face. If you or any member of your staff have questions, please contact your local CPD Office Director.

Sincerely,

[Signature]

for Community Planning and Development
