Since its founding, AHF has expanded, turning hospices into healthcare centers, and building a new paradigm for HIV care both in the United States and around the world. AHF currently provides high-quality HIV care and services at the following three locations in Georgia:

The Ryan White Part A funds provides direct financial assistance to Eligible Metropolitan Areas (EMAs) that have been the most severely affected by the HIV epidemic to assist in developing or enhancing access to a comprehensive continuum of high quality, community-based care for low-income individuals and families with HIV disease.

## **OBJECTIVES**

The Office of the County Auditor has the responsibility of conducting Title VI Compliance Site Reviews of Federal financial assisted recipients and sub-recipients to determine whether they are honoring their commitments, as represented by certification, to comply with the Title VI/Non-discrimination Civil Rights requirements.

The primary objective of the site review was to determine if the subrecipient, AIDS Healthcare Foundation, has met its General Reporting and Program-Specific contractual requirements of the state, federal and county laws, policies, rules and regulations relating to Title VI. In addition, requirements and guidance measures of Limited English Proficiency (LEP) for program recipients, sub-recipients and contractors were discussed.

The secondary objective of the Title VI Compliance Site Review was to provide technical assistance in the form of vital material language translation, proper Title VI awareness/access signage placement and recommendations regarding corrective actions as deemed necessary and appropriate.

## **SCOPE**

**CONCLUSION**

AIDS Healthcare Foundation demonstrated Title VI compliance as required. The recipient displayed proper Title VI signage in appropriate places, providing Title VI awareness to citizens and employees. In addition, the subrecipient provided a copy of mandatory assurances/awarded contract agreement signed by the Executive Director.

The agency has adopted the Fulton County’s Title VI complaint process and provides Fulton’s complaint process information via signage postings throughout its healthcare service areas, patient waiting areas, check-in and check-out areas, websites and employee common areas.

AHF also provided public notification of rights and accessibility of Title VI. In addition, the subrecipient ensured LEP compliance through the use of interpretation and translation services of vital documents and through the use of its Foreign Language Line service at no additional cost to citizens. The agency also provided a copy of its language access

communication plan and had “We Speak” posters placed at service entrances, check-in and check-out windows and common employee work areas.

The agency is compliant with Title VI Civil Rights policies, mandates, regulations, procedures and contract agreements. The compliance site review demonstrated that AIDS Healthcare Foundation are thorough in complying with Title VI requirements of U.S. HHS, HRSA, HAB and Fulton County’s Department of HIV Elimination.

The Office of the County Auditor has worked diligently to develop Title VI/Non-discrimination guidelines, policies, tools and training as well as provide technical assistance to Fulton County’s Federal recipient programs and its sub-recipients. We will continue to ensure that each department and agency promotes and implements proper measures to meet and maintain compliance with Title VI requirements, policies and procedures.
