Ms. Adams asked a couple follow-up questions on a discussion from the pre-certification meeting held on Friday, November 21st regarding the Wolf Creek scanner (ICP) on the last day of Advance Voting

Director Williams reiterated that the scanner onsite was malfunctioning.

Chief Ross informed the BRE that the scanner stop accepting ballots.

Ms. Adams asked could this issue have derived from Logic and Accuracy (L&A) Testing.

Director Williams explained that there are procedures that the DRE follow when equipment stops working for any reason, if the technician onsite is unable to resolve.

Ms. Adams mentioned her notes from Dominion's manual and reiterated her concerns of the closing tapes of CT Martin Recreation Center. She requested to see additional documents that contain a back-up file.

Director Williams responded that the Information Systems Manager will contact the vendor and update the BRE of his findings.

Ms. Adams referenced her Election Summary Report (ESR), ePulse, and Voter Participation Report all have different data, does not match.

Chief Glenn explained the procedure for missing data in the Poll Pad:

- The poll manager contacts Registration Division
- Personnel verify the voter's information
- Verified voters are logged and the manager is given a ballot activation code
- Voter votes and that record is later updated

Any discrepancies identified will be reviewed and resolved prior to the required deadlines, to include the reconciliation deadline (30 days after county certification) and credit for voting deadline (60 days after Election Day). SEB Rule 183-1-12-.12(e) O.C.G.A § 21-2-215(i)

Chair Allen clarified that it's off by 1 vote.

Director Williams explained that the template for that Ballot Canvas Summary recommended by a former board member was the original template. The DRE has not altered the document.

Director Williams stated those discrepancies do not change the Election result totals.

Ms. Adams asked was there a numbered list for ballot activation code.

Director Williams explained that internally the DRE keeps a record but that is currently not required by SOS.

Mrs. Crawford inquired about the applications for elderly/ disable during General Municipal Election. She asked can the application be changed to inform the voter.

Director Williams responded that she would follow up with the SOS Election Director.

Chair Allen asked the members if they needed more time or if they were ready to certify.

Ms. Adams responded once her questions have been answered:
